

SITUATION IS SERIOUS

**Warsaw Workmen Walk Out.
More Threaten to Leave.**

HORSES REQUISITIONED.

**Much Uneasiness Felt in View of
the Forthcoming Mobilization of Re-
serves.**

Warsaw, March 18.—Much uneasiness is felt here and at Lodz in view of the forthcoming mobilization of reserves. The government has requisitioned all the horses in this district.

The workmen in the big factories here threatened to strike yesterday and some of the men in the smaller factories walked out today.

LIEUT. GEN VINEVITCH.

**Who Succeeds Gen. Kuropatkin, by Or-
der of the Czar, in the Prosecution
of the Japanese War.**

Lieut. Gen. Vinevitch, the new commander of the Russian land and sea forces in the far East, is in the 68th year of his age. He was fighting in the Caucasus when he was 21, took part in the Russo-Turkish war of 1877-78, and has since then taken part in all of Russia's Asiatic campaigns.

He was also prominent in the relief of the legations at Peking, succeeding Admiral Alexeyev in command of the Russian troops in August, 1900, and was congratulated by Emperor Nicholas for his services in China. For a time in 1904 Gen. Vinevitch was governor general of the Amur territory, but later assumed command of the Russian forces at Vladivostok under Viceroy Alexeyev, and is understood to have placed that fortress in a state to resist a long siege.

Gen. Vinevitch was reported to have left Vladivostok in July last, taking with him, it is understood, part of the garrison, but it was not until September that he was appointed to command the 1st army under the plan for the reorganization of the Manchurian army. He assumed command of the 1st army in Nov. 1904, and soon made himself beloved of the rank and file on account of his constant solicitude for the welfare of the men.

At the battle of Mukden, Gen. Vinevitch was reported on March 5 as stubbornly holding his position, and as having repulsed 13 consecutive attacks of the Japanese; but in spite of this he escaped with slight losses, and on March 13 he entered the Russian lines south of the pass with his regiments in perfect order, his music playing, the men singing, and hardly a straggler lost in the long and difficult march.

The following day the Russian troops, apparently those commanded by Gen. Vinevitch, repulsed a Japanese attack at the Fan river, the Japanese leaving 1,000 men killed before the Russian position.

CREMATING THE DEAD.

**35,000 Russian Corpses Were Left On
the Field.**

London, March 18.—Several despatches from correspondents with the Japanese left army, Gen. Oku's command, filed within the past few days are filled here today. One of the messages, sent from field headquarters yesterday, says that the Japanese army is confident that the result of the victory at Mukden will be to hasten peace. The thousands of Russian dead left on the field are being cremated. It is estimated that the total forces actually engaged in the fighting numbered 1,000,000 men.

A despatch filed on Wednesday describes Field Marshal Oyama's formal occupation of Mukden. The Japanese commander-in-chief and his staff entered the city by the south gate. Many of his troops, who were encamped about the town, lined the streets, displaying their tattered battle flags. The Chinese officers of the city extended a formal welcome to Marquis Oyama.

Under date of March 13, a correspondent wires that the prisoners taken by the Japanese number over 45,000, the

BY SISTERS OF HOLY CROSS.

**Indorsement of Father John's Medicine
As a Tonic and Body Builder for
The Weak and Run Down.**

"We cheerfully recommend Father John's Medicine as a good remedy for bronchial troubles and as a tonic and body builder for those who are weak and run down. Several persons of our institution have used it with beneficial results." (Signed) Sisters of Holy Cross, 44 Chandler St., Nashua, N. H.

A DOCTOR'S TESTIMONY.

"I know that the history of Father John's Medicine is exactly as written, and also know of its merits, having seen its good effects in hospitals and other institutions as well as in private practice. It is a splendid remedy for throat and lung troubles, cures Colds and Grip. I recommend it with the greatest confidence." (Signed) Dr. Geo. P. Madden, Lowell, Mass.

Father John's Medicine prevents Pneumonia and Consumption and cures all Throat and Lung Troubles. Builds you up and restores your strength. No alcohol or poisonous drugs. Cures Colds or money back. Fifty years in use.

THE HORRORS OF WHISKEY.

**The Liquor Habit a Disease—Readily
Curable by Orriue, an Infalli-
ble Specific.**

It is now universally conceded that drunkenness is a disease, and the drunkard should be treated for this disease with the one specific for its cure, Orriue. This remarkable remedy removes the craving for liquor, restores the stomach to a normal condition, creates a natural appetite, and makes the user a man again, free from all desire for strong drink.

Orriue is in two forms—No. 1, to be given without the patient's knowledge; No. 2, for those who wish to be cured. The medical profession indorses Orriue. It can be used at home and cures the terrible habit without publicity or detention from business. Price is only \$1 a box.

We recommend and guarantee Orriue. Red Cross Pharmacy, Rickert & Wells, Proprietors, Barre, Vt.

Russian killed and wounded are estimated at 100,000, and the Russian dead left on the field at 35,000. Fifty-four guns have been captured. Gen. Oku's army lost 18,000 to 20,000 killed or wounded. The total loss of the Russians, including prisoners, was 150,000.

"NEW LIFE IN IRELAND."

**Land Act Makes Prosperity Possi-
ble.**

New York, March 18.—Ireland has awakened to new life and hope of prosperity since the British government adopted the policy of buying in big estates and selling the land to the tenant, says Admiral Lord Charles Beresford, who has arrived here on a vacation tour which will extend to Mexico, and later to Florida. "There is no doubt that the new scheme for Ireland has proved a great boon for the country," said Lord Charles. "I was recently there, and saw evidences of prosperity on every side. The people have money in the banks and it all comes from the products of the country. Conditions are getting better all the time. Numerous estates have been sold, and many people have been benefited. If they could get back their manufactures, future prosperity would be assured. I am president of a club formed in London whose object is to encourage things that make for Ireland's welfare. It embraces persons of all creeds, classes and political opinions, and is very much in earnest."

GARCIA 100 YEARS OLD.

**Royal Honors Bestowed Upon the Aged
Musician.**

London, March 18.—Manuel Garcia, the famous singing master, who gave the first performance of Italian opera in New York in 1825, celebrated yesterday the 100th anniversary of his birth. King Edward received him at Buckingham Palace and conferred upon him a commandeurship in the Royal Victorian Order. Afterward a centenary celebration was held, which was attended by a number of scientists and musicians. The Marquis Villalbor, Spanish Charge d'Affaires here, congratulated Prof. Garcia in behalf of King Alfonso and then conferred upon him the decoration of the Royal Order of Alfonso XII.

The German Emperor has bestowed upon Prof. Garcia the Gold Medal for Science, and Prof. Fraenkel of Berlin will bring the medal to London and present it to the centenarian.

OJEDA IS PROMOTED.

**Spanish Minister to United States Re-
called by King.**

Madrid, March 18.—King Alfonso has signed the appointment of Senor Don Emilio de Ojeda, now Spanish minister at Washington, as under secretary for foreign affairs.

Senor Janinthe de Cologan, now minister of Spain in Morocco, is appointed Spanish minister at Washington.

OFFENCE TO KAISER.

**Book About his Private Life Confisca-
ted.**

Berlin, March 18.—The book entitled "The Private Lives of William II. and His Consort," published by Heinemann, which is dirty and dull as well as scandalous, has been confiscated by order of the Civil Court.

BENNINGTON MUSICIAN DEAD.

**Heart Disease and Grip Caused Death of
Rudolph O. Goldsmith.**

Bennington, March 18.—Rudolph O. Goldsmith, leader of the Bennington City band, director of the choir of St. Peter's church, and prominent in musical circles of the town and county, died early yesterday morning. The funeral will be held Sunday afternoon. He was taken ill of grip two weeks ago. Symptoms of typhoid fever developed Thursday and death came unexpectedly, probably caused by heart disease.

Mr. Goldsmith was born in Bennington forty-three years ago. He is survived by a mother and five sisters in Bennington and one brother in Troy. For twenty-five years he was in partnership with C. A. Wood as managers of Library hall and the opera house. At one time he was director of music in the graded school. He composed several marches.

ONLY AN ERROR OF \$2.59.

**Charge of Defalcation Against Milton
Town Treasurer Disproved.**

Milton, March 18.—Principal E. G. Evans, of the Burlington Business College, who, as an expert accountant, examined the books of E. T. Holbrook, the Milton town treasurer, found errors of \$2.59 in misplaced figures in handling \$20,000 of the money of the town, and part of this small sum was known and reported before the expert took the books. The charges of defalcation which have been raised therefore utterly fail of substantiation.

FEARS THE UNITED STATES

**Germans Disturbed by the
Monroe Doctrine.**

MANUFACTURERS HURT.

**Labor Also Hit Hard by Cuban Treaty
— Attention Is Called
to the Dan-
ger.**

Berlin, March 18.—In the Reichstag yesterday Baron Heyl zu Hemsheim called Chancellor von Bulow's attention to the recent extension of the Monroe doctrine which the chancellor should follow with the closest attention. "We German manufacturers already have had sad experiences with the invasion of the West Indies by North American influence," said the baron. "The United States deferential treaty with Cuba hit German labor and the commercial classes of Germany most severely. In Santo Domingo, Venezuela and Brazil, too, they are seeking to oust German labor and capital through the Monroe doctrine."

CANAL COMMISSION AROUSED.

**Will Make a Sharp Reply to Reed's Re-
port.**

Washington, March 18.—Members of the Panama Commission are preparing a long reply to the strictures on conditions on the Isthmus, recently made by Dr. Charles A. L. Reed in a report to the Secretary of War. Mr. Grunsky of the commission is particularly wroth at some of the charges made by Dr. Reed. The premature publication in a medical journal of the Reed report will probably cause its author to be sharply reprimanded by the president or Mr. Taft. Mr. Grunsky, it is understood, has appealed to the President for a suspension of judgment until his reply can be made.

HAY SAILS TODAY.

**Secretary and His Wife Left Washing-
ton Yesterday.**

Washington, D. C., March 18.—Secretary and Mrs. Hay left Washington yesterday, to be absent about two months. They will sail today for Europe. Mr. Ade is acting as secretary of state until Mr. Loomis returns from the West.

BANK AT ENOSBURGH.

**A Certificate Issued from Washington—
Other Vermont Matters.**

Washington, March 18.—The comptroller of the currency in the treasury department has issued a certificate to the new bank at Enosburg Falls, Vt., to be known as the First National, with a capital of \$25,000. The bank is now authorized to begin business with Arthur W. Woodworth as president and Herbert C. Comings as vice president. No selection of cashier has as yet been announced here. The comptroller has also approved of the Atlantic National bank of Boston, and the National Commercial bank of Albany, as the reserve agents of the new Enosburg financial institution.

New carriers have been named for two rural free delivery routes in Vermont. At Hardwick Rufus M. Farrand and Silas E. Marshall will be carrier and substitute respectively. On route four, out of Brattleboro, starting at West Brattleboro station, Alfred R. Bracewell and Frank H. Taylor have been named.

MAINE LAW TO BE ENFORCED.

**Radical Steps Have Already Been Taken
in Portland.**

Portland, Me., March 18.—The passage of the Sturgis bill at Augusta has been followed by action on the part of Sheriff Pennell of Cumberland county which is intended to make the conditions such in his jurisdiction that the attention of the special enforcement commission will not be required in this particular locality. All persons who are supposed to have been engaged in the sale of intoxicating liquor have been given to understand that they must close up forthwith or take the consequences. All holders of United States licenses were also advised to relinquish the same. It is said the latter action was made so comprehensive as to include apothecaries.

GRANITEVILLE.

Owing to the absence of our pastor, Rev. George MacLennan, there will be no services in the Presbyterian church in the morning or evening, but there will be a prayer meeting in Gaelic at 3 o'clock in the afternoon.

**All goes well when the baby
is well. Keep the baby well by
giving him Mellin's Food, it will
nurture him, make him grow strong
and keep him happy. We are sure
of it; try it. Ask the mothers of
Mellin's Food children. Send for our
free book about Mellin's Food.**

Mellin's Food is the ONLY Infants' Food, which received the Grand Prize, the highest award of the Louisiana Purchase Exposition, St. Louis, 1904. Higher than a gold medal.

MELLIN'S FOOD CO., BOSTON, MASS.

March April May

The season when the human system most needs and is most susceptible to the revitalizing powers of this best of all blood purifiers,

HOOD'S Sarsaparilla

It makes the weak strong. It restores the nerves to their normal functions. The chronic "tired feeling," that portends so much, at once disappears; sound, healthful sleep follows. Scrofula, pimples, humor, dyspepsia, biliousness, headaches, indigestion and general debility are speedily and permanently cured by Hood's, and only by Hood's Sarsaparilla. Thousands who have been restored to health have told from their experience how Hood's Sarsaparilla

Cures When All Else Fails!

No other medicine has ever been discovered that has the peculiar curative powers of this wonderful medicine. Its fame has spread round the world. It is prescribed everywhere. It is endorsed by the physicians of every school. There is no substitute for it. And it is not what it says, but what it does, that has made it the Standard Spring Medicine of the whole civilized world. It has outlived all its would-be competitors, and stands so much higher in the estimation of the intelligent people in every community, that it is today

Beyond All Competition.

A WORKING GIRL.

**Body Found in Newark Hotel Has Been
Identified.**

New York, March 18.—The body of the girl found in a Newark hotel Thursday night, with evidence that she had been strangled, was yesterday identified as that of Miss Mamie Dennis. She was a working girl, who lived with her relatives at 139 Hopkins avenue, Jersey City, but who had not been seen by them since Wednesday morning, when she left home ostensibly to go to work.

Two young men who were employed in the hotel have been arrested and held as witnesses.

Miss Dennis was 22 years old. Her identity was discovered by a detective who submitted her shoes and described the body of the girl to a shoe dealer who had sold the shoes to her. The shoe dealer at once identified her, and the identification was confirmed by the Dennis family, who were made certain of it by the girl's brooch bearing the initials "M. D."

The man who hired the room in which the body was found, and occupied it with her, was still missing yesterday. He is described as about 5 feet 11 inches tall, with dark hair and smooth face. He wore a long gray coat, and appeared to be about 25 years old.

The hotel employees are certain that they easily could identify the man if found. He was seen several times, first when he came to the hotel with the woman and registered as D. Edwards and wife, again when he went out to a drug store, and a third time when he was seen just outside his room early yesterday morning. That he left the house soon after he was seen the last time seems certain, as the woman had been dead many hours when her body was found lying on the bed last evening.

An examination of the hotel register today showed that he had visited the hotel several times within the past few weeks. In each instance he was accompanied by a woman, and registered as "D. Edwards and wife, Trenton." All the entries were in the same handwriting. When this discovery was made the police at once arrested Theodore and Albert Young, brothers of Mrs. Sarah Young, the proprietress of the hotel. They are held as witnesses.

A further examination yesterday of the room in which the body was found resulted in the discovery of a drinking glass with a white sediment at the bottom. The sediment will be subjected to chemical analysis. The police believe that the girl's slayer gave her a drug to induce sound sleep.

DYNAMITE PLAN FAILS.

**Chicago Police and Masked Robbers Ex-
change Shots.**

Chicago, Ill., March 18.—Six masked robbers, frustrated in an attempt to dynamite the safe in the office of Rick Bros. brewery yesterday, after they had overpowered and gagged two employees, made their escape, but not until they had engaged in a pistol fight with the police. It is thought that two of the robbers were wounded.

A PECULIAR SUIT.

**Burlington Man Wants \$5,000 for Dam-
ages by Horse Kicking Him.**

Burlington, March 18.—A county court suit was brought yesterday by Henry Bowley of this city against the Consolidated Rendering company to recover \$5,000 for injuries alleged to have been received from one of the defendant's horses.

Mr. Bowley claims he was employed to take care of the company's horses and one of his duties was to feed them. On December 9 of last year he went to feed one of them and he found that the horse had become entangled in a harness hanging at the rear of the stall, and that in endeavoring to extricate the animal he received several severe injuries by being kicked. He states that he was knocked senseless, several of his ribs were broken at the spinal column, and that he lost the use of one leg and that one arm is nearly paralyzed. He also received other injuries, he says, which have incapacitated him for labor. He claims the accident was due to the faulty construction of the stalls and appliances for keeping the horses in them.

Sang on the Scaffold.

Covington, Va., March 18.—Robert Bowles, colored, who killed John Huff at Clifton Forge last March, was hanged yesterday. He was dead in six minutes. He went to the scaffold singing.

MILLS PAY PRICE.

**Another Fall River Strike Has Probably
Been Averted.**

Fall River, March 18.—The manufacturers have reached a common understanding by which notices will be immediately posted in all the mills of new prices to be offered for weaving. In a few of the mills notices have already been posted. The proposition has not been offered by the Manufacturers' Association as a body, but will be proffered individually.

The running of eight or ten looms is left optional with the weavers. This is regarded by the employees as practically a concession of all demands made by the weavers with the exception of the one that 46 yards be recognized as a standard cut, and which contention will undoubtedly be allowed to rest, now that other demands are conceded.

The prices offered by the manufacturers are the same as demanded by the weavers, and will probably be accepted. There was no change at the Stafford mills yesterday. The 350 striking weavers held a meeting this afternoon and decided to remain out pending developments.

DEAD AT FOOT OF CLIFF.

**John Bennett of Paterson, N. J., Found
Yesterday.**

Paterson, N. J., March 18.—After a quarrel on the top of a cliff 125 feet high, on the outskirts of this city, in which the voices of a man and woman were heard in angry tones, the lifeless body of John Bennett, an insurance agent, was found at the foot early yesterday. His skull was fractured, his left arm broken, and there was a deep cut over one eye.

Whether he was thrown over, or fell by accident, is unknown, but the authorities are searching for the woman. The quarrel took place before daylight, and the voices were heard by the watchman of the Passaic waterworks. His dog led him to the body.

Bennett was last seen by his wife yesterday afternoon, when it is said she reproved him from drinking.

DOG SAVED ANOTHER.

**Big St. Bernard Plunged Into Water to
Rescue a Pointer.**

Portland, Ct., March 18.—Thursday a large St. Bernard dog belonging to Edgar Cornwall of this town, seeing another dog struggling in the water, made a dive in after him. The drowning dog was "Mose," a pointer owned by Dennis O'Brien proprietor of a local hotel. He had ventured out on the floating ice, which had given way under him, and was making a vain effort to reach the shore. The St. Bernard grabbed Mose by the head, and swimming to the shore, pulled him up on the bank. The dog rescued another dog in a similar manner last winter.

CRIPPLE HALF STARVED.

**Pitiable Case of Poor Child Lost in New
York.**

New York, March 18.—Three weeks without food except what she could beg in the city's poorest quarter, and with no shelter save that afforded by doorways, has been the experience of a 14 years old crippled girl, who was found half-starved, huddled in a doorway in the negro section by a policeman yesterday.

Her condition was pitiable when she was taken to the station house, and she ate ravenously the food which was given her. Her name, she said, was Ellen Cochill. Three weeks ago, according to her story, her father, mother and three younger children were dispossessed. Their furniture was thrown out on the sidewalk, and while her father sought a shelter for them, her mother and the children guarded their belongings.

While waiting for the father to return it became cold, she said, and she went into a doorway for shelter. When she looked out again her mother and the other children were gone. She could not find them, and has been sleeping in hallways and half-starving ever since.

She was sent to the Children's Society and an effort will be made to locate the family.

OLD MAN SENTENCED.

**Seven Years for Embezzler of Three-
Score-and-Ten.**

Putnam, Ct., March 18.—Henry E. Simmons of Summit, N. J., who had been convicted of embezzlement from the estate of Charles S. Hawkins of Danielson, this state, of which he was administrator without bonds, was sentenced to state prison for one year on each of five counts and two years as a minimum on the sixth count, by Judge Roraback in the superior court today. Simmons is 71 years of age and of dignified appearance, and took the sentence calmly. Judge Roraback in announcing the sentence, said he approved of the jury's verdict. Simmons formerly lived in Danielson and was highly respected there. The Hawkins' estate was appraised at \$15,000.

To Cure a Cold in One Day

Take Bromo Laxative Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25 cents.

President Capen of Tufts Has Pneumonia.

Somerville, Mass., March 18.—The Rev. Elmer H. Capen, D. D., president of Tufts College, is ill with pneumonia at his home on Professors' Row, West Somerville. His condition is not considered serious today.

Of course consumption can be cured. Modern medicine teaches it. No one longer doubts it.

Babies have it. Young mothers have it. The aged have it. None are exempt.

For over 50 years doctors have prescribed Ayer's Cherry Pectoral for this disease. It quiets the cough, controls the inflammation. If interested, talk this over with your doctor.
